For more case studies of our works please visit www.wallerservices.com and click on 'Schools and Education'.

New Roof to Boiler Room

These works entailed the removal and disposal of the existing flat roof. As the works were at high level, an access scaffold was erected so that a new three layer felt flat roof with new timber firings and decking could be safely installed to the existing joists.

St Nicholas Church of England Primary School.

St Thomas of Canterbury Catholic
Primary School.

New Doors & Double Glazed Units

This school had used us in the past and required 4 new Aluminium doors complete with fire escape push bars in various locations around the school. We also replaced an A rated uPVC window with obscure glass for the girls toilet as the existing window had rotted and become dangerous. Finally the school had numerous misted windows which were replaced with new double glazed units this gave the windows a new lease of life. Waller Glazing had a strict time scale of one week during half term and completed all areas on time. St Thomas of Canterbury Catholic Primary School.

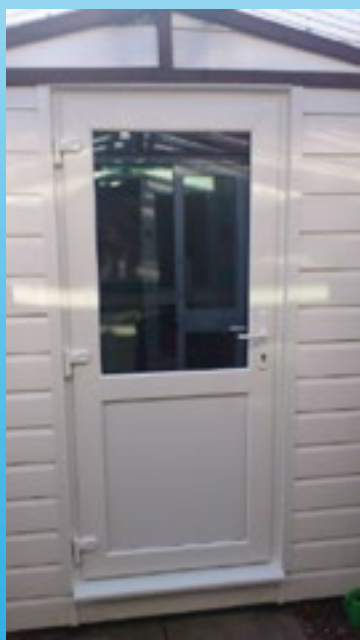

Glazing Services Provided:

- Glazing Safety Surveys
- Emergency Repairs
- Fire & Safety Glass
- Solar & Safety Filming
- Replacement uPVC/ Aluminium Windows & Doors
- Roof Lights
- Skylights
- Mirrors
- Boarding Up Service
- Horticultural Glass

Current Projects:

- Regis Manor School - Fencing & Electric Gates.
- Borden C of E Primary School - Safety Filming.
- SCC - Extension & Improvement Works to Sports Centre.
- Sedleys' C of E Primary School - Solar Filming
- Riverview Junior School - Replacement Curtain Walling System.

If you have any forthcoming glazing projects you would like to discuss please do not hesitate to contact us on 01795 424435 or email mark@wallerservices.com

Park Way Primary School

Waller Glazing Services replaced ageing double glazed windows with more energy efficient aesthetically pleasing windows.

Chattenden Primary School

Rotting wooden doors were replaced with high security uPVC doors.
